

VISION STATEMENT

Strategic Plan Summary 2021-2026

GOVERNANCE AND LEADERSHIP

The district will provide structures for stakeholders to proactively engage in system planning and decision making.

OBJECTIVES:

- Increase board members' training in governance, advocacy, and leadership.
- Create structures that promote active participation and growth in leadership training and development.
- Provide varied opportunities for stakeholder voice and participation in the development of district practices.

TEACHING AND LEARNING

The district will establish a clear vision, common language and model for instructional practice that will yield improved results in teaching and learning.

OBJECTIVES:

- Improvements in student attendance rates and decreases in chronic student absences.
- Increase in student readiness, proficiency, and graduation rates.
- Create system-wide coherence and improve student learning by ensuring equal access to a quality curriculum and varied educational opportunities.
- Implement coordinated systems and processes for support to ensure students are prepared for college and careers.

FACILITIES AND SUPPORT SYSTEMS

The district will ensure schools and supporting facilities are safe, secure, and well-maintained, and resources are adjusted to maintain financial stability as well as the well-being of students and employees.

OBJECTIVES:

- Prioritize human and fiscal resources to support the safety and security of all students and employees.
- Provide a robust and secure infrastructure to support the use of technology for all students and employees.
- Develop, implement, and assess policies and procedures for strong financial stewardship.

COMMUNICATION AND COLLABORATION

The district will increase and sustain partnerships with families, post-secondary institutions, civic organizations, and business and industry groups to promote the success of all students.

OBJECTIVES:

- Improve internal and external communication within the district.
- Provide forums for stakeholders to share ideas, time, and resources.
- Explore ways to increase family engagement and community partnerships.
- Explore grant opportunities and awards to increase learning outcomes for students.

CONTINUOUS IMPROVEMENT

The district will ensure common structures and processes are in place to promote continuous improvement in all Jefferson County Schools.

OBJECTIVES:

- Ensure an intentional focus on continuous improvement including regular data analysis and frequent collaboration both internally and externally.
-
-
